

TRIAL LAWYER WANTED

We are a Farmington law office looking for a Maine lawyer who is interested in joining our busy practice. We focus on criminal defense, family law, and personal injury work. No set amount of prior experience is required, but what is necessary is the desire to handle a variety of cases and to become a part of a convivial law office with a long history in Franklin County. A good sense of humor would help too.

Salary and benefits are negotiable as are the chances for upward advancement with us. Please submit a cover letter and resume to: **rachael@sandershanstein.com**.
